**Re: REQUEST TO DISMISS OR RESCIND
License to Cover Application
WKVW(FM), Marmet, West Virginia (FIN: 54370)
FCC File No. BLED-20060725AEE**

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), licensee of WKVW(FM), Marmet, West Virginia, this letter is to request the dismissal or rescission of grant of the above-referenced application to for a license to cover the currently outstanding construction permit of the station and reinstatement of the previously licensed parameters.¹

Although the station had been fully constructed and EMF subsequently filed the necessary license application, while operating pursuant to program test authority, EMF discovered that WKVW was causing interference to a two-way radio system. In order to continue operating while EMF works to resolve the abovementioned interference problem, WKVW will need to commence temporary operations pursuant to its previously licensed parameters authorized in FCC File No. BLED-20050316ACL. Once the problem has been resolved, EMF will file an application for a license to cover construction permit FCC File No. BPED-20050425ACI, and recommence program test operations pursuant to the construction permit parameters. Accordingly, EMF requests that the Commission dismiss or rescind the above-referenced WKVW license application.

¹ See FCC File No. BLED-20050316ACL.
